

100-foot solar-powered container for urban lighting

Overview

What are solar lighting fixtures for shipping container?

Sun-In-One LED lighting fixtures for shipping container solar lighting kits provide you with enough light to get equipment or supplies out of the container, up to high-quality lighting, and allow you to use the shipping container as a workshop and have enough light to do fine detailed work.

What is a shipping container solar lighting kit?

Shipping Container Solar Lighting Kits provide lighting in shipping containers and storage areas with 2 days of battery technology for cloudy, rainy, or snowy days with 8 hours per day of run time.

Why should you choose Uneek LEDs shipping container lighting?

Uneek LEDs Shipping Container setups have been chosen by industry for their lighting needs. Choosing a selection results in a full page refresh. Uneek LEDs has a range of Solar Powered Shipping Container Lighting kits to suit every need. From Containers used for storage on your property to Containers used for Commercial and Industrial use.

How many LED lights should a shipping container have?

If it's a more significant 40 FT container, 3 or 4 fixtures might be the solution. The number of hours a day someone will be in the Shipping Container, and the type of work they will do inside the container will also help determine the type of LED solution.
