

285w solar panel

Overview

Why choose Rec Twinpeak rec285tp2 solar panels?

REC Solar's TwinPeak REC285TP2 solar panels are premium solar modules with superior performance. The TwinPeak 2 design takes the power output of 60-cell multicrystalline panels to new heights.

What is a REC285TP2 solar panel?

The REC285TP2 solar panels are special 120 HC solar cell PV modules. They feature a weatherproof anodized frame designed to keep its appeal for many years to come. These solar panels are easy to install with made-to-fit cables and multiple grounding points that reduce the ground wire needed in installation.

What is a REC TwinPeak 2 Series solar panel?

The REC TwinPeak 2 Series solar panel is a reliable solar panel ideal for homes or businesses requiring a very efficient, cost-effective solar panel with reliable power output. It features an innovative design using 120 laser cut polysilicon HC solar cells.
