

AC Uninterruptible Power Supply Price in Nigeria

Overview

What is an uninterruptible power supply (UPS)?

An uninterruptible power supply (UPS) is a device that keeps your computer running for a short period of time even after the primary power source is lost. It also provides protection from power surges. However, UPS isn't only restricted to computers, it can also be used with other devices like your TV set.

Which is the best ups in Nigeria?

These include the likes of the Mercury UPS range which is widely used in Nigeria and known for its stable performance. Also, there is the Bluegate UPS range which can be trusted when it comes to uninterrupted power supply whether you are at home or in the office. Other brands include the popular Binatone, Maxtron, Vectronic and the Mercury Elite.

What is a ups power supply & how does it work?

Our UPS power supply provides protection from power surges, load shedding and unpredictable weather conditions. Uninterruptible Power Supply (UPS) ensures its internal battery gets constantly charged from the main electrical grid supply and delivers a steady, consistent electricity flow to any equipment or appliance plugged into it.

How much does an UPS system cost?

PRICES LAST UPDATED: SEPTEMBER 13, 2022. Generally, your choice of a UPS system should be dependent on factors like price, your unique and the features of the system. When it comes to pricing, you can get a UPS system for as low as 14,000. On the other hand, there are systems that cost millions of naira.
