Overview

What is the Ankara Metro?

The Ankara Metro is a rapid transit system serving Ankara, Turkey. Five lines (four metro lines (M) and light metro Ankaray Line) and 52 stations serve the capital of Turkey. It began operation in 1996. Devlet Mah.

What is Ankara's first underground metro line?

The M2 line, which is part of Ankara's fourth metro system, is the city's first underground metro line. The AT and Dikimevi stations are connected by this line, which started operating in 2017. The length of the M2 line is 24 kilometers, and it stops at 19 different stations.

What time does the Ankara Metro run?

The Ankara Metropolitan Municipality is in charge of the operation of the metro system, and service runs between the hours of 6:00 am and 11:00 night every day. The Ankara Subway also referred to as the Ankara Metro, is the name given to the city of Ankara, Turkey's rapid transit rail network.

Where to go on a train in Ankara?

If you are travelling on a commuter train of the Başkentray (CapitalRail, Ankara's suburban train service), an InterCity train, or a Turkish sleeper train, you'll need to use the old railway station, which is located adjacent to the high-speed station, with its main entrance on the north-eastern side of the tracks.
