

B20 battery cabinet

Overview

What is the BC25 Battery Cabinet?

The BC25 Battery Cabinet, manufactured by C&C Power, is a top terminal battery cabinet designed to support system sizes ranging from 10kVA to 50kVA. It is primarily used to support individual computers, small-midsize networks, small enterprise operations, midsize IT rooms, security and communication systems, and manufacturing operations.

Why do we need a backup battery cabinet?

Through cutting-edge research and innovation, advanced engineered power products for backup battery cabinets have become essential to our energy future. When the power goes out, battery backups ensure that the Internet, cloud-based data, financial and health records stay accessible.

What is a Legrand Battery Cabinet?

Universal battery cabinets for all three-phase Legrand UPS from 10kVA up to 800kVA power range. The Battery cabinet is designed to house standard VRLA Batteries of capacity range from 24Ah to 105Ah (C10).

What is a C&C power battery enclosure?

C&C Power Battery enclosures are configured to meet the need of all types of applications. Battery cabinets are engineered for an uninterrupted power backup source to support the continuous operation of your critical facility.
