

BESS solar container outdoor power Company in the Philippines

Overview

How is Bess transforming the Philippine energy industry?

With the commercial operations of approximately 1,000 MW of BESS facilities across 32 locations in the Philippines, we are now ushering in a new era for the Philippine energy industry through significant improvements in grid reliability and the integration of more renewable power sources to the country's diverse energy mix.

Who owns Terra Solar Philippines?

In March 2025, Actis acquired a stake in Terra Solar Philippines, Inc. ("MTerra Solar"), with MGEN Renewable Energy, Inc. (MGreen), through its subsidiary SP New Energy Corporation ("SPNEC").

How many Bess facilities are there in the Philippines?

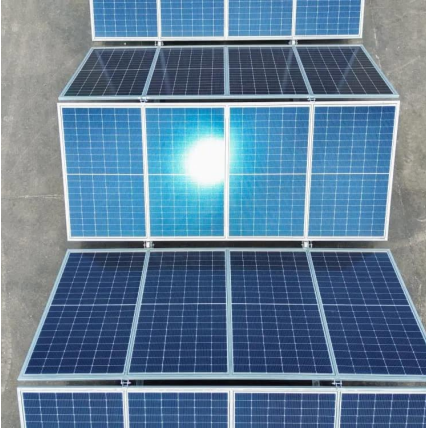

SMC Global Power is operating 32 BESS facilities across the Philippines, spread across the regions of Luzon, Visayas, and Mindanao.

Why should you choose a BESS facility?

You should choose a BESS facility because they allow for a more robust integration of renewable energy sources like solar and wind energy to the grid. Additionally, BESS facilities operate with zero emissions, demonstrating our commitment to sustainable energy.
