

# Brussels cylindrical solar container lithium solar container battery capacity

## Overview

---

What is the largest energy storage project in Europe?

A first flagship energy storage project in Belgium After commissioning four battery parks in France offering total energy storage capacity of 130 MWh, this project will be the Company's largest battery installation in Europe.

Where is totalenergies launching its largest battery energy storage project?

egrated Power & Renewables: TotalEnergies Launches in Belgium Its Largest Battery Energy Storage Project in Europe Paris, May 15, 2023 – TotalEnergies has launched at its Antwerp refinery (Belgium), a battery farm project for energy storage w.

Who will supply a 40-intensium Max high energy lithium-ion container?

The batteries, 40 Intensium Max High Energy lithium-ion containers, will be supplied by Saft, the battery subsidiary of TotalEnergies, confirming its position as European leader in industrial-scale stationary storage with this project.

What is Saft's largest battery installation in Europe?

total energy storage capacity of 130 MWh, this project will be the Company's largest battery installation in Europe. The batteries, 40 Intensium Max High Energy lithium-ion containers, will be supplied by Saft, the battery subsidiary by the end of 2024, will help meet the needs of the European and Belgian high-voltage transmission network 2
