

Budapest 200GWh Energy Storage Full Industry Chain Project

Overview

Where is Hungary's largest battery energy storage system located?

Swiss-based energy company MET Group has officially inaugurated Hungary's largest standalone battery energy storage system (BESS) at its Dunamenti Power Station in Százhalombatta, located close to Budapest. The new facility boasts a total power output of 40 MW and a storage capacity of 80 MWh.

Will Hungarian electricity storage facilities support a net-zero economy?

The European Commission has approved a €1.1 billion (approximately HUF 436 billion) Hungarian scheme to support electricity storage facilities to foster the transition to a net-zero economy.

Will Hungary support the installation of new electricity storage facilities?

Hungary notified to the Commission, under the Temporary Crisis and Transition Framework, a Hungarian scheme to support the installation of at least 800 MW/1600 MWh of new electricity storage facilities.

How will a €1.1 billion Hungarian measure affect electricity storage capacity?

This €1.1 billion Hungarian measure will facilitate the development of electricity storage capacity. The Hungarian electricity system will be more flexible. The preparation for a higher integration of renewables into the electricity mix, is in line with EU climate and energy targets.
