

# Chilean advanced solar panel manufacturer

## Overview

---

What is the largest photovoltaic installation in Chile?

The CEME1 480MW Project, now the largest photovoltaic (PV) installation in Chile, has successfully reached full capacity grid connection. PowerChina Huadong Engineering Corporation Limited, the contra.

How big is Chile's solar project?

Spanning approximately 400 hectares—an area equivalent to 370 football fields—the project represents about one-tenth of Chile's total installed renewable energy capacity. Located in the Atacama Desert, the driest nonpolar desert in the world, the project places exceptionally high demands on the reliability of the PV modules.

What is JA Solar's ceme1 480MW project?

Aiqing Yang, Executive President of JA Solar, said, "The CEME1 480MW Project marks a significant milestone in our commitment to renewable energy innovation and sustainability.
