

Extensible Danish Folding Containers Used in Environmental Projects

Extensible Danish Folding Containers Used in Environmental Project

"Extensible" vs. "extendible"

Where does the adjective form extensible come from and does it connote anything different than extendible? What's the difference, if any, between the two?

[Learn More](#)

word usage

An extensible architecture is one where a program is designed such that new functionality can be added without too much restructuring of the existing code. So someone ...
