

Free consultation on Estonian folding container hybrid type

Overview

What is a 4 fold container stacked?

4 folded 4FOLD containers stacked have the same dimensions as 1 container, enabling the reduction of transport movements up to 75%. An increase of the shipping lines' profit margin of 600% is possible, corresponding to savings up to 25% on the operational costs and 27% on the total CO2 emissions of container transport at sea.

What is Holland container innovations?

Holland Container Innovations is committed to bringing down the cost, and harmful emission, originating from empty container movements.

What is a 4fold foldable container?

Due to the global imbalance of import/export ca. €25 billion a year is spent on repositioning empty containers and unnecessary emissions of CO2, NOx and PM are generated. The technical solution proposed by HCI is the 4FOLD foldable container. This concept is IP protected by HCI by 8 patents.
