

Huawei Victoria inverter brand

Overview

What is Huawei solar inverter?

The Huawei solar inverter has emerged as a dominant force in the global solar market, representing one of the most sophisticated and reliable inverter solutions available in 2025.

Are Huawei solar inverters still sold in Australia?

Huawei solar inverters (and batteries) were sold in Australia for quite some time but, as of February 2024, they are no longer sold here under that name. If you have Huawei branded solar inverters, there should be no need to worry because you shouldn't be affected in any way: Products will continue to be serviced or replaced as required.

Are victron & Huawei solar inverters compatible?

Victron and Huawei are two prominent names in the solar inverter market. This blog post compares their compatibility features. Victron Energy is known for its high-quality inverters. These inverters are compatible with a wide range of solar panel brands and models.

Are Huawei solar inverters reliable?

Huawei solar inverters are highly reliable, backed by the company's position as the world's #1 inverter manufacturer for six consecutive years. The inverters undergo extensive testing including lightning strikes, extreme temperature cycling, and submersion tests.
