

Industrial Energy Storage Project in Sao Paulo Brazil

Overview

What is Brazil's largest battery storage project?

Further details about Brazil's largest battery storage project to date have been revealed including its integrators and equipment providers. The inauguration of the 30MW/60MWh system took place last year, on the networks of transmission system operator (TSO) ISO CTEEP, as reported by Energy-Storage.news in November.

Why should you attend energy storage & hydrogen conference in Brazil?

As Brazil positions itself at the forefront of the global energy transition, this conference is your gateway to discovering cutting-edge solutions, regulatory updates, and new investment opportunities in these two fields. This conference will meet innovators, investors, and decision-makers shaping the future of energy storage and hydrogen.

What is the Latin American Energy Storage Summit?

The Summit has become a meeting place for IPPs and developers, investors, financiers and banks, utilities, consultancies, software providers, and manufacturers who are setting high standards in the Latin American energy storage sector.
