

Kathmandu BESS solar container outdoor power

Overview

What is a containerized energy storage system?

The Containerized energy storage system refers to large lithium energy storage systems installed in sturdy, portable shipping containers, which usually range from 5ft, 10ft, 20ft, and 40ft, and mainly focus on 50Kwh to 10Mwh.

What is a Bess container?

BESS containers are more than just energy storage solutions, they are integral components for efficient, reliable, and sustainable energy management. BESS containers are designed for safety and scalability. Their ability to be stacked and combined allows for customization according to project size.

Why should you choose Bluesun energy storage container solutions?

The professional technical service team makes reasonable design according to the roof type of customers to ensure the efficient operation of customer projects. Bluesun provides 500 kwh to 2 mwh energy storage container solutions. Power up your business with reliable energy solutions.
