

# Kiribati solar off-grid system

## Overview

---

What is the Kiribati grid connected solar PV project?

Ending in 2018, the Kiribati Grid Connected Solar PV Project is coordinated by the World Bank and funded through a US\$1 million grant from the Global Environment Fund (GEF) and a US\$2.92 million grant from the Government of Australia, through the Pacific Regional Infrastructure Facility (PRIF).

Who owns solar power in Kiribati?

The government-owned Public Utility Board supplies diesel generated power in South Tarawa. The Kiribati Solar Energy Company provides electricity to outer islands through solar home systems. Initially formed in 1984 by an NGO, the company is now owned entirely by the government. There is little private sector involvement.

When was sinooar's groundbreaking ceremony held in Kiribati?

On April 27th, the groundbreaking ceremony of the renewable hybrid system of SINOSOAR was held in kiribati.

Who led the groundbreaking ceremony in Kiribati?

. . Kiribati Minister of Infrastructure and Sustainable Energy Willie Tokataake led the groundbreaking ceremony. The president of Kiribati Taneti Maamau, ADB Senior Country Coordination Officer in Kiribati, New Zealand Deputy High Commissioner, and the Public Utilities Board Officer-in-Charge were among those in attendance.
