

Latest energy storage project in Mozambique

Overview

How has Mozambique improved electricity access?

The recently completed Mozambique Energy for All Project, along with the ongoing Sustainable Energy and Broadband Access in Rural Mozambique Project, have significantly contributed to expanding electricity access. To date, these projects have enabled over 2.6 million Mozambicans to connect to the national grid. ASCENT will build on these efforts.

When did Globeleq & Mozambique launch a solar power plant?

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and Mozambique, as it was the first IPP to integrate a utility-scale energy storage system.

How will ascent Mozambique benefit the energy sector?

ASCENT Mozambique will enhance the resilience and efficiency of the energy sector, contributing to the country's sustainable and inclusive development," added Jenny Chao, World Bank Senior Energy Specialist and Task Team Leader.

Is battery storage a key technology for Mozambique's future?

Globeleq sees battery storage as a key technology for Mozambique's future. Storage costs are expected to continue decreasing, so those systems will become more competitive and will be able to contribute more.
