

# **Moscow riellosolar container system**

## Overview

---

Why should you choose Riello Solartech?

Energy beyond the sun! Focusing on solar energy is a choice that ensures important advantages: use of an ecological and sustainable energy source and savings on energy costs. At Riello Solartech we convert solar energy into electricity with the best technologies, guaranteeing a complete service to support customers and users.

How many kW is a Riello Solartech inverter?

1.5 - 6.0 kW. Riello Solartech single-phase inverters for residential use that combine advanced technologies and high-quality components to offer reliability and flexibility. With advanced digital control and low sensitivity to mains noise, they are simple to monitor for performance and efficiency.

What are Riello Solartech RS three-phase inverters?

Riello Solartech's RS Three-phase inverters are extremely compact and lightweight, and are available in a power range from 6 to 30 kW.
