

Mozambique home system solar container battery

Overview

Why is Mozambique acquiring 25-30 MW of solar PV?

The procurement of 25-30 MW of solar PV is the first stage of implementation of the program which will contribute to the diversification of Mozambique's power mix and improve power supply quality, whilst ensuring low-cost energy for Mozambican end users.

Who owns land in Mozambique?

According to the Constitution of the Republic of Mozambique and as reflected in the Land Law (Law no. 19/97 of 1 October), land is owned by the State, but the rights to use and occupy land can be granted to users in form of a DUAT.

Which local communities will be affected by solar PV projects with storage facilities?

In April and May 2025, the Programme Implementation Consultant (Multiconsult Norge AS) together with EDM held consultations in the five local communities that will be affected by the implementation of Solar PV projects with storage facilities (Mecubiri, Meconta, Caia, Limpompo and Guija).
