

New Gigawatt Solar Project in Doha

Overview

What is Qatar's largest solar power project?

Samsung C&T E&C Group has been awarded the contract for Qatar's largest solar power project, underscoring its growing leadership in renewable energy infrastructure. Commissioned by QatarEnergy, the 2,000MW Dukhan Solar Power Project represents the largest capacity solar facility ever undertaken by a Korean construction company.

Will Qatar build a solar plant in Dukhan?

Qatar invests in renewable energy, building a solar plant in Dukhan. (Credit: QatarEnergy) Qatar's future is looking solar with a new solar plant project on the way. The country's first large-scale solar power plant, Al-Kharsaah Solar PV Power Plant, covers an area of 10 square kilometres.

Will Samsung build Qatar's largest solar project?

South Korea's Samsung C&T Engineering & Construction Group is set to build Qatar's largest solar project to date. The first gigawatt of the 2 GW project is expected to be online by the end of 2028. State-owned petroleum company QatarEnergy has picked Samsung C&T Engineering & Construction Group to build the 2 GW Dukhan solar power project.

Who will build 2 GW Dukhan solar power project?

State-owned petroleum company QatarEnergy has picked Samsung C&T Engineering & Construction Group to build the 2 GW Dukhan solar power project. An agreement for the construction of the project, to be located 80 kilometers west of Doha, was signed between the two parties earlier this week.
