

Outdoor solar power supply integrated system

Overview

What is a Mapps® solar power system?

Solar Electric Supply's MAPPS® are stand-alone solar power systems, engineered to support a wide variety of remote power requirements. We supply photovoltaic and other renewable energy products to dealers, contractors, commercial and industrial accounts, and government agencies.

Where can I get technical support for my solar system?

We pride ourselves on providing the best technical support in the industry. Call toll-free (877) 297-0014 for expert assistance. Low wholesale prices on complete enclosed off-grid solar systems for radio, data, monitoring & other industrial applications. Over 20 years of experience.

What types of solar power systems are available?

Pad & Pole-mounted, Class 1 Div 2, Microgrid and AC/DC UPS solar battery enclosure systems. Solar Electric Supply's MAPPS® are stand-alone solar power systems, engineered to support a wide variety of remote power requirements.

Outdoor solar power supply integrated system

[Remote Industrial Off-Grid Stand-Alone Solar Power Systems](#)

Discover NPP's Outdoor Integrated Energy Storage System, a cutting-edge solution that seamlessly combines lithium iron phosphate batteries, advanced Battery Management System (BMS), Power Conversion System (PCS), ...
