

Port Moresby is building a 5G base station

Overview

How is Port Moresby transforming Papua New Guinea?

Port Moresby is rapidly evolving into a modern Pacific hub, with large-scale urban development projects aimed at bolstering Papua New Guinea's economy and transforming the city into a regional destination for business, tourism, and investment.

How much does Port Moresby power station cost?

The Project is designed to be capable of staged expansion to approximately 175 MW with the cost for the initial 58 MW plant being ~US\$100 million. This investment is underpinned by a long term Power Purchase Agreement (PPA) with PNG Power Limited. The Port Moresby Power Station during construction in October 2018.

Is Port Moresby a good place to invest?

These initiatives come as PNG experiences substantial economic growth, with the GDP projected to reach K122 billion in 2024 and K150 billion by 2027. This economic trajectory makes Port Moresby an increasingly attractive location for investors, who are drawn by the city's rising development, strategic location, and government-backed incentives.

Is Port Moresby a modern metropolis?

Port Moresby's potential as a modern metropolis is further evidenced by the success of the Vision City Mega Mall, the nation's largest shopping centre, which has become a popular attraction for residents and visitors alike.
