Siri outdoor power

Overview

Does Apple HomeKit support Siri?

Apple's HomeKit platform offers secure and encrypted smart home control with native iOS features – and smart plugs with Siri support are one of the easiest ways to get you started. Unlike generic smart plugs that rely on third-party apps or Alexa/Google compatibility, HomeKit smart plugs integrate directly with the Home app and support:.

How do I control the outdoor smart plug?

⬜Voice control⬜ Control the outdoor smart plug by giving voice commands to your Siri, Alexa, or Google Assistant. The wifi outlet is compatible with Apple HomeKit, Amazon Alexa, Google Assistant, and SmartThings.

How does the Kasa Smart Wi-Fi Outdoor Plug work?

The Kasa Smart Wi-Fi Outdoor Plug works with a secured 2.4 GHz wireless network without needing a separate hub. It supports control through Apple HomeKit, allowing you to use iPhone, iPad, Apple Watch, HomePod, and Mac for voice control via Siri.

How do outdoor smart plugs work?

Remotely power your outdoor smart plug on or off with just a single tap on your phone. Group your indoor and outdoor devices for unified control like combining your living room bulbs with the patio lights connected to your outdoor plug, so you can light up your home for a memorable dinner party.
