

Solar Light 300W Monocrystalline Panel

Overview

What is a 300W mono solar panel?

300W Mono, Slim All Black Model (3.0cm frame) Solar Panel. High performance, mid-range size. A+ grade monocrystalline solar panel supplies industry-leading 23% conversion efficiency. Equipped with PERC technology and advanced cell texturing to maximise convertible sunlight. Suitable for 12V and 24V battery setups or grid-tie systems.

Who makes 300 watt monocrystalline solar panels?

Jinpo Solar manufactures 300 watt Monocrystalline Solar Panels in China. We have our own factory of Monocrystalline PV Modules. Jinpo Solar provide the high quality and competitive price on 300 watt Monocrystalline Solar Panels for you. Contact us now for quotation. What Our Client Say About Jinpo?

.

What is a 200W monocrystalline solar panel?

A 200W monocrystalline solar panel is a high efficiency 200W (100W + 100W) solar system made of monocrystalline solar cells. It comes with 5m of special solar cable and MC4 connectors, optimized for 12V systems. It is used for charging a 12V / 24V battery or battery bank.

What is a 320W monocrystalline solar panel?

The 320W monocrystalline solar panel comes with PERC technology. Monocrystalline solar panels are a type of solar panels, and this specific one has a capacity of 320 watts. The main difference between monocrystalline solar cells and PERC solar cells is the passivation layer added on the backside of the solar cell.
