

Sunshine 70kw inverter

Overview

How efficient are sun-g03 solar inverters?

Exceptional Efficiency: The SUN-G03 inverters boast a maximum efficiency of up to 98.8%, with a European efficiency rating of up to 98.2%. This high efficiency translates to more energy being converted from the solar panels into usable electricity, minimizing losses and maximizing the return on investment for solar installations.

Are sun-g03 inverters IP65 rated?

Robust Design: Encased in an IP65-rated enclosure, the SUN-G03 inverters are designed to withstand harsh environmental conditions. Their intelligent air cooling system ensures efficient thermal management, allowing them to operate within a wide temperature range of -25°C to $+60^{\circ}\text{C}$, with derating above 45°C .

What is a Deye 70-110k grid-connected inverter?

The Deye 70-110K grid-connected inverter is suited for medium and large-scale commercial rooftops and ground-mounted solar PV system in which reliability and stability are important. The full series inverter has 30% DC input oversizing ratio and 10% AC output overloading ratio, offering a faster return on investment.
