

Uruguay solar Glass Sun Room

Overview

What is a patio enclosure solarium?

Available with a single slope or gable roof, Patio Enclosures solariums are truly a masterpiece of craftsmanship and design. Our solarium frame options include white, sandstone and bronze and provide the highest resistance to scratching, fading, peeling and chipping.

Is sunroom glass tempered?

Choose from clear glass or bronze tint. All our glass is tempered for safety. Tempered sunroom glass keeps you safe during accidental breakage. The glass will shatter into tiny pieces instead of dangerously sharp shards. We are proud to be the only sunroom glass manufacturer who performs this process in-house.

What is a custom solarium?

A Patio Enclosures custom solarium may be the perfect solution. A solarium is a wonderful way to add extra living space to your home for you, your family, and friends. Often referred to as a greenhouse or glass enclosure, a solarium is a type of sunroom addition built entirely of glass.

Why should you add a solarium to your home?

Lose yourself in the beauty of the outdoors by adding a solarium to your home. Patio Enclosures® solariums provide floor-to-ceiling views of the outdoors with glass walls and roofs. Each solarium is custom designed and manufactured to perfectly suit your home.
