

# West Asia Mobile Energy Storage Site Wind Power Construction

## Overview

---

Does Tesla have a grid-side energy storage project in China?

US electric car maker Tesla signed an agreement on Friday for its first grid-side energy storage project in the Chinese mainland, according to a statement the company sent to the Global Times on Friday.

How will Tesla's Energy Storage megafactory benefit Shanghai?

"It will enhance grid flexibility and help integrate renewable energy in the Lingang New Area, supporting Shanghai's seasonal power demands and regional energy security," Dong said. Construction of Tesla's energy storage Megafactory started in May 2024.

How will China's green energy project benefit global enterprises?

The project will be a model for international energy cooperation, attracting more global enterprises to participate in China's green energy transition, and sharing Chinese development opportunities, Wang Peng, an associate research fellow at the Beijing Academy of Social Sciences, told the Global Times on Friday.
